

### **CustomVinylLettering.net**

This vendor provides satisfactory service along with competitive pricing.

You will not have the option of uploading an image file when designing your custom vinyl lettering.

Below are directions for designing your project manually at CustomVinylLettering.net (As of July 1, 2017).

For brand recognition we require that all of our associates follow the recommendations and specifications provided.

To familiarize yourself with this vendor's products we suggest that you experiment with a small project such as your domain name. The measurements provided below will offer a good base line for when you are ready to take on a full project.

**Note: Design specifications below are for individual lines of text, this enables you to arrange each line of text to your preference upon application.**

### **CustomVinylLettering.net (Standard colored vinyl sheets)**

This vendor provides their customers with a user friendly design tool. They offer a standard pre-colored vinyl selection.

Go to: **CustomVinylLettering.net** (Create an account)
